National Non-Profit Day

August 17th marks National Nonprofit Day, a celebration of the profound impact of nonprofit organizations on the world. Nonprofit organizations are essential to address social issues, provide essential services, and promote cultural enrichment. It's a time to acknowledge and honor their tireless efforts, acknowledge their significant contributions to communities worldwide, and encourage support through volunteerism, donations, and advocacy efforts. Let us amplify their voices and promote their causes for a more inclusive future.

SFCBDD operates as a nonprofit organization, incorporated with a nine-member board of directors appointed by the St. Francois County Commission. In August 1980, the mill tax was enacted, empowering St. Francois County to offer and/or provide services for individuals with developmental disabilities.

Community Partner Luncheon

St. Francois County Board for the Developmentally Disabled invited our Community Partners to a luncheon for an official presentation of grants. Thank You to LIFE Center, MCII, SMTS, Visions of Hope, Camp Circle Star, and The Stables for all you do serving individuals with developmental disabilities in our community.
